

It is Savior's Will that we write "Paradise" instead of "Heaven".

Paradise is the place of happiness, there we will not be sick, we will not cry, we will not argue, we will not be sad but we will be happy forever.

When Jesus was hanging on the cross, one of the thieves was the first to confess to Jesus. Afterwards Holy God Jesus Christ answers him:

"Today you will be with me in paradise". And this paradise really exists and everyone can look forward to coming into it.

The devils don't want us to write "paradise" but "heaven".

It was a struggle for us to write the word paradise. Triune Holy God is very important to write, because He is God in Three Persons, God the Father, God the Son and God the Holy Spirit, inseparable - one Holy God.

The demons don't want us to write Triune Holy God either, they would rather write Lord without Holy God, or our brother - that's not enough for a God in three persons, then only Jesus without Holy God or instead of Holy Mother of God and Holy Mary only Mary, but not Holy Mary. How many million names of Mary are there in the world?

The devils hate that the saints of God are addressed as holy.

Savior said: "My mother was holy before She was born - Immaculata Conceptio – Immaculate Conception". The holy Virgin Mary also confirmed this in Lourdes with Bernadette Soubirous.

The devils are damned forever, they have no love, hell belongs to them, they are very jealous of people and want to win them over and bring them to hell. The devils want to plague and influence many souls: that there is no paradise and rob people of their faith, so that they do not receive grace and love from God.

Because faith without love has no fruits. Therefore, we must ask that God always give us grace, firm, lasting faith, love and peace. The Savior has now confirmed the "Our Father's prayer, which brings many good fruits", it is 1000 times better and has allowed us to that we translate and pray in many languages.

The devil fought a lot and prevented us from writing the Savior's new words, from deleting them and from distributing them further.

When wars and disasters happen, Savior gives us new, better and stronger words to write that all people pray and be saved.

Because we cannot cope with the plagues of demons to write everything at once.

Little by little the Savior gives us new words to write. That's why we write the prayers with a new date. Currently the prayers and songs have been distributed and copied over a billion times in all countries and continents of the world. It is not inspired by ourself but by the Savior himself. We ask everyone who has copied and continues to copy, that they pray for us, because we don't ask anyone for money, for we rejoice in receiving our reward from the Savior in Paradise.

It is a big habit to prefer to speak and pray "heaven" rather than "paradise".

The devil can also type "heaven" instead of "paradise" in our mouth. Just as he sometimes puts the curse into the mouth without the person wanting it.

I asked Savior if the prayers were good, he answered: "

Everything that comes from me is good.

We thank God that he chose us inexperienced, to write for the whole world.
