

**I, Julijana, admire the country of Lebanon – Beirut – and all the faithful who were present there.**

It was Tuesday, December 2nd, when I watched the Holy Mass celebrated by the Holy Father Leo XIV. It was different from Rome, yet there were just as many people as in Rome during the Holy Mass.

When Holy Communion was distributed, I broke into tears.

I wept from the depths of my heart, because I saw that more than **three hundred thousand pilgrims** received Holy Communion **on the tongue**.

For many years I have prayed that Holy Communion may be given only on the tongue — the true and reverent way of receiving Our Lord. And now, in Lebanon, **not a single person received in the hand**. Not even one.

The Holy Father saw all of this, and I hope that many people in Germany also witnessed it.

While I was weeping with joy, I heard the Savior say:

**“Not only you are weeping — I am weeping as well.”**

I truly cried from the depth of my heart, because my heart was filled with great joy.

For me, it was also a confirmation, because the Savior has often said:

**“Communion in the hand is an abomination before My eyes.”**

In Maria Linden, where we have often attended Holy Mass, many people also receive Holy Communion on the tongue.

But in Forbach, where I attended church often, the priest publicly preached:

**“I also do not like Communion on the tongue.”**

Those words broke my heart.

A woman in the church once said to me that *receiving on the tongue is so difficult to overcome*.

She was afraid of what the others might say.

I always told her:

**We must not listen to what people say — we must listen to our own heart.**

But when people are lukewarm and follow a false piety, doing only what everyone else does, then they receive Communion in the hand — and the Savior cannot give them the grace and love that He desires to give.

I thank Almighty Holy Triune God — Father, Son, and Holy Spirit — that He showed this to me and allowed me to experience Holy Communion on the tongue, and that He heard my prayer.
