

The devil leading human into temptation !

Often the devil allows the children of the Holy God to live carefree, selfish, contentious, and peaceless.

Because he doesn't want them to give themselves completely to God and belong to him forever.

The devil makes people sin until they are in his trap and snare.

That is why people turn away from the Holy Triune God, do not leave lead by him and let his will not happen.

If the children of the Holy God neglect or do not pray and do not live according to God's commandments, they only come out of the devil's snare with great difficulty and they are in darkness.

And they trust and believe no longer in God.

For some humans, you have to pray for 20 years before they find their faith again. But God is merciful, He loves people, they can always convert to Him if they open their hearts to God and repent (confess) their sins.

Therefore, it is good if we pray in the name of all and for all souls.

Everyone needs prayer to have eternal life to reach paradise.

Our Holy Lord and God, you said:" All who are pure in heart, become looking at Me in paradise and be happy forever, where there is no pain and sorrow".
